UNIVERSITY OF SASKATCHEWAN
AT A GLANCE

UNIVERSITY OF SASKATCHEWAN

ABOUT US

The University of Saskatchewan (USask), located in the vibrant city of Saskatoon on Treaty 6 territory and the traditional homeland of the Métis, is leading the way in tackling pressing problems like water and food security. Research, teaching and learning at USask is enhanced by our array of world-class centres and facilities.

SIGNS OF RESEARCH

Indigenous Peoples: Engagement and Scholarship
Agriculture: Food and Bioproducts for a Sustainable Future
Energy and Mineral Resources: Technology and Public Policy for a Sustainable Environment
One Health: Solutions at the Animal-Human-Environment Interface
Synchrotron Sciences: Innovation in Health, Environment and Advanced Technologies
Water Security: Stewardship of the World’s Freshwater Resources

FUN FACTS

252 dancers in our graduation powwow
Over 40 concerts at Louis’ campus pub every year
307,420 meals served in the Marquis Culinary Centre each year
Approximately 6,000 works of art in the USask art collection with over 2,000 on display throughout campus
893 cows on campus
2,864,017 books and journals in campus libraries
1,822,173 annual visits to campus libraries
Hottest day on campus: 41°C June 5, 1988
Coldest day on campus: -46.1°C Jan 12, 1916 and Jan 20, 1943

SIGNATURE AREAS OF RESEARCH

INDIGENOUS PEOPLES: ENGAGEMENT AND SCHOLARSHIP
Agriculture: Food and Bioproducts for a Sustainable Future
Energy and Mineral Resources: Technology and Public Policy for a Sustainable Environment
One Health: Solutions at the Animal-Human-Environment Interface
Synchrotron Sciences: Innovation in Health, Environment and Advanced Technologies
Water Security: Stewardship of the World’s Freshwater Resources

UNIQUE CENTRES

Canadian Light Source
Canada’s only facility for synchrotron light research

VIDO-InterVac
One of the largest vaccine research and teaching facilities

Health Sciences
A new standard for interprofessional health education, research and practice

Global Institute for Food Security
Developing Saskatchewan-led solutions to feed a growing world population

Global Institute for Water Security
Supporting sustainable use of the world’s water resources and protection against natural hazards such as flood and drought

Sylvia Fedoruk Canadian Centre for Nuclear Innovation
Supporting global leadership in nuclear research, development and training, and supplying radioisotopes to detect and treat diseases such as cancer
